

Autonomous Underwater Vehicle - data currently available via the portal

Data summary - report run on Monday 28 May 2018

Deployment location:	Deployment campaign location.
# campaigns:	Number of deployment campaigns.
# sites:	Number of discrete sites where dives occurred.
# images:	Number of images recorded.
Start:	Earliest deployment date (format: dd/mm/yyyy).
End:	Latest deployment date (format: dd/mm/yyyy).
# hours of data:	Total number of hours during which data was recorded.
Autonomous Underwater Vehicle:	http://imos.org.au/auv.html .

Deployment location	# campaigns	# sites	# images	Start	End	# hours of data
Batemans	3	29	215,260	17/11/2010	18/11/2014	59.8
