

Ships of Opportunity facility - data currently available via the portal

Data summary - report run on Monday 28 May 2018

Headers:	Sub-facility.
Sub-header	Data type.
# deployments:	Number of deployments/cruises for each line or vessel.
# data files/profiles:	Number of data files or profiles (for SOOP-XBT only); for the CPR-AUS sub-facility: total number of PCI, phytoplankton, and zooplankton samples, for the CPR-SO sub-facility: total number of PCI and zooplankton.
# measurements:	Number of measurements collected for each line or vessel, not applicable for the CPR-AUS and CPR-SO sub-facilities.
Start:	Data recording earliest date (format: dd/mm/yyyy).
End:	Data recording latest date (format: dd/mm/yyyy).
# days of data:	Total number of days with data for each line or vessel.
Ships of Opportunity:	http://imos.org.au/shipsopportunities.html .
ASF:	Air-Sea Fluxes sub-facility (http://imos.org.au/airseaflex.html).
BA:	Bio-Acoustic sub-facility (http://imos.org.au/bioacoustic.html).
CO2:	CO2 sub-facility.
CPR:	Continuous Plankton Recorder (AUS - Australia, SO - Southern Ocean) sub-facility (http://imos.org.au/auscontinuousplanktonrecorder.html).
SST:	Sea Surface Temperature sub-facility (http://imos.org.au/sstsensors.html). Four additional vessels recording SST (i.e. R/V Southern Surveyor, RV Tangaroa, RV Cape Ferguson and RV Solander) are not reported in the SST section but in the ASF and TRV sections.
TMV:	Temperate Merchant Vessels sub-facility (http://imos.org.au/temperatemerchantvessels.html).
TRV:	Tropical Research Vessels sub-facility (http://imos.org.au/tropicalresearchvessels.html).
XBT:	Expendable Bathythermograph sub-facility (http://imos.org.au/expendablebathythermograph.html).
